SKILLS

Python | Pandas | NumPy | SQL | API | Git | Flask | Portuguese & Spanish
Data Wrangling | Data Visualization | Statistical Analysis | Predictive Modeling

PROJECT EXPERIENCE

Human Rights First - Asylum | Data Scientist
An app to help non-profit immigration lawyers build cases for asylum seekers in the US
Python | AWS | PostgreSQL | FastAPI | Git | Docker
- Collaborated on remote, cross-functional team of 20 web developers and 10 data scientists
- Implemented dynamic bar chart for the user that included multiple features with Plotly
- Set up endpoints that received data, created visualizations, and returned them to front-end with FastAPI
- Acted as liaison for non-technical stakeholders to ensure product alignment and on-time project delivery

Right Price Airbnb | Data Scientist
An app to recommend prices for an Airbnb listing based on multiple features imputed by the user
Python | Heroku | Flask | Pipenv
- Collaborated on a small team of 4 data scientists on tasks ranging from data wrangling to building models
- Designed a pricing data pipeline that takes user input, wrangles the data, and returns recommended price
- Properly documented the project and ensured the code was easy to read

PROFESSIONAL EXPERIENCE

iFLY Indoor Skydiving | Assistant General Manager   JUN 2018 - DEC 2020
- Led cross-functional team of 20, while maintaining high standards and supporting team members' goals
- Pinpointed areas for improvement and created structured goals for individual team members
- Adapted to new work environment and became number one in the company for up-sales within 2 months

Global Resort Homes | Front Desk/Reservations Agent   FEB 2015 - FEB 2018
- Handled 150+ customers per day, providing detailed, personalized service resulting in customer retention and an increase reservation revenues
- Managed customer and team member concerns while providing solutions to complex situations
- Promoted to Reservations Agent within the first year of employment, becoming the only cross-trained employee on the team

EDUCATION

Lambda School - Remote | Data Science program   GRADUATED JUNE 2021
Valencia College - Orlando, FL | Associate of Arts   GRADUATED JAN 2015
